Felix Augustin Greisinger is a director and production designer working within film, TV, theatre and advertising and based in Stockholm, Sweden.

His work spans both national and international projects across Sweden, Austria, Spain, Iraq and Greece.

Born in Austria in 1993, Felix completed a Bachelor of MultiMediaArts with a focus on directing in 2016 and a Masters in Production Design at the University of Arts in Stockholm in 2023.

Felix's visual language and aesthetics are characterised by simplicity and boldness strongly carried by narrative elements. At the core of his creative journey lies a commitment to pushing the boundaries of post-queer cinema.

Felix crafts queer utopian dystopias that challenge conventional norms, all while exploring universal themes and shedding light on hidden subcultures.
